

To : Ship Owners , Ship Managers & Ship Operators

From : Operation  
ISClass

Date : 13 February 2012

Ref: CIR 12/003

Subject: Results of the CIC on Structural Safety and Load Lines (9-Feb-2012).

Please see the attached which is the press release of the results of the Concentrated Inspection Campaign (CIC) on **Structural Safety and the International Convention on Load Lines** that was carried out in the Tokyo MOU region from 01-September-2011 to 30-November- 2011.

Ship owners/managers/operators are to ensure that the commonly found deficiencies as mentioned are verified onboard and that their vessels are in good order.

Please be guided accordingly.
